

Move! SSR_OnOff:
from GPIO2 to GPIO18

Attention!!
GPIO12(MTDI) and GPIO2 should be kept at low
electric level when powering up.

LED2 library Error!!
Have to Fix it next version!
2019.05.30 yoonki.kim

1. All chip Resistor size is 0402(1005) if otherwise notice.
2. All chip Capacitor size is 0402(1005) if otherwise notice.
